

All about Mel Sansome

I am an EHCP Coordinator

One thing I like at work is...

Collating information and reports together into clear and accurate Education Health and Care Plans (EHCPs).

One thing I like outside work is...
Enjoying nature, and in particular trees, which I love.

One thing I don't like is...

Families feeling frustrated about not being able to get the support that they need.

I don't have a photo of me, but this is one of my favourite places!

The best way to communicate with me is...

Please email:
SENDSERVICE@swindon.gov.uk
Or call:
01793 464641

The best thing about my job is...

Making a positive difference for children and young people with SEND.

Words that describe me...

Hardworking, conscientious, honest, committed.

I promise that...

1. I will always listen to the views of every child, young person and family that I work with and put them at the centre.
2. I will work hard to produce Education Health and Care Plans that are of the highest possible quality.
3. I will communicate with you openly and clearly.
