

## Get Ahead – with New College Swindon

GCSE Result Day. Have you achieved the results you had expected and needed?

Yes – Congratulations. Carry on with your original plans and have a fabulous time on your chosen path.

Yes – But I have now changed my mind about what I want to do and want to change courses and choices at college but am a little unsure what to do and chose.

If you have already been offered a place with New College Swindon, either North Star or Queens Drive Campuses please email [enrolment@newcollege.ac.uk](mailto:enrolment@newcollege.ac.uk) in the first instance.

If you have not already applied to New College Swindon. Do not worry. The Get Ahead team are here to help and support you. Either email [getahead@newcollege.ac.uk](mailto:getahead@newcollege.ac.uk) and you will be invited in to see us, or drop into New College Swindon, Queens Drive and ask reception to let the Get Ahead team know you are here and we will come and collect you.

No – Do not worry. The Get Ahead team are here to help and support you. Email [getahead@newcollege.ac.uk](mailto:getahead@newcollege.ac.uk) and we will be in touch to invite you in to see us, or drop into New College Swindon, Queens Drive and ask reception to let the Get Ahead team know you are here and we will come and collect you.

Get Ahead will spend some time with you going through your options and helping you to reassess and develop a new plan and way forward. This will be done over a period of a week to allow you time to think and gather your thoughts without having to jump into something without thinking and looking into it in more detail. We want to be able to give you time to make the right choices for you without feeling pressured on the day you receive your results.

**All young people joining and fully enrolling on Get Ahead will be entitled to an incentive payment which will be paid direct to the young person once a progression route has been secured and they have completed their first day.**
