Outside of work: Heights!!

The best way to communicate with me is...

The best way to reach me is via email.

By email: SENDservice@swindon.gov.uk

But I am always happy to have a chat over the phone or face to face.

By telephone: 01793 464641

The best thing about my job is...

Getting to speak to families and young people and making a positive difference for children with SEND.

Words that describe me...

Empathetic, kind, bubbly, hardworking and committed.

I promise that:

1. It is important to me to always put the young person and family at the centre of every plan that I write. I will try to ensure the young person's personality, interest and strengths are reflected throughout the plan as to me this is equally important as a young person's needs.
2. I understand and empathise that this can be an emotional process and will always listen to families and young people. I promise to have an open and honest conversation.
3. I will always do my best to help, I will work professionally and productively and want to work collaboratively to achieve the best outcomes for young people and their families.
